

BIGGEST SHIPBUILDING YARDS OF COUNTRY

(By Associated Press.)

OAKLAND, August 30.—Thanks to Europe's warlords, the cream of the shipbuilding business of the world is coming to the United States and California is getting the cream de la creme.

In most instances shipbuilders are working clear around the clock, great electric lighting systems being provided for the night shifts. In order to get the maximum of speed the builders, in many cases, are dividing with the men the big bonuses given for the completion of vessels before contract time.

At the Union Iron works (Charles M. Schwab concern) \$30,000,000 worth of work is on hand; four 10,000 ton vessels for private account, two 9500 ton vessels for the standard Oil company, one 9750 ton steamship for the Matson Navigation company of San Francisco, one 9300 ton steamship

for F. D. Strahan of Georgia, one 6000 ton steamship for C. H. Smith of San Francisco, a number of oil tankers from 70,000 to 90,000 barrels capacity.

At Moore & Scott—One 10,000 ton and two 7200 ton steamships for Norwegian capitalists; several oil tankers.

W. F. Stone—Two 235 foot wooden schooners with a lumber capacity of 1,500,000 feet, one for Sudden & Christenson of San Francisco, the other for the J. P. Hanify company of San Francisco.

Union Iron works officials attribute their increase in business to the grant of a lease of Alameda municipal waterfront land, which permits building six 10,000 ton vessels at the same time. This plan is to be made the biggest shipyard in America, plans being under way for the construction of two building berths for warships.

stage the opera on a scale hitherto never attempted in the United States. The opera will be given in full.

PRINCETON BEGINS PRACTICE

(By Associated Press.)

PRINCETON, August 30.—Announcement was made today that owing to the infantile paralysis epidemic the Princeton football squad will begin practice away from Princeton, at a place to be selected.

EASTERN ROADS POLICE EVERY MILE OF TRACK

(By Associated Press.)

WASHINGTON, August 30.—Although the railway presidents feel that in the face of President Wilson's suggestions for legislation the employees cannot afford to strike, they have not overlooked any element of preparation for the strike order.

Provision has been made to police every mile of track and yards of all the great eastern systems where the brotherhoods are particularly strong. No general agreement was reached on the question of embargoes. With varying conditions, each road was expected to act for itself.

The roads will fight a strike individually and not collectively. Many of them, the executives declare, will be run more than 50 per cent efficient, particularly on several western lines, where the proposal to strike was not encouraging and not supported so strongly as on the eastern roads. At one time there was a plan to operate only 50,000 miles of the 240,000 or more in the United States for traffic on main arteries north, south, east and west. It was abandoned, however, because it was pointed out that the sympathy of the public and its support of the railroads' position might depend to a large degree on the train service and the capacity of the roads to continue to transport the necessities of life.

CLOSE FINISHES IN SULKY RACES

(By Associated Press.)

POUGHKEEPSIE, N. Y., August 30.—All four races in the Grand Circuit were won in straight heats, but there were several exciting finishes. The second heat of the Duchess, 2:12 pace, furnished such a close finish between Jay El Mack and Diameter that spectators did not know which

had won until the judges awarded the heat to Jay El Mack. He captured the third heat with less difficulty.

Thomas W. Murphy took the Vassar stake for two year old trotters with The Real Lady. The first heat was in 2:08 3/4, a new track record for two year old trotters and the fastest trotted by a two year old this year.

By taking the last two heats of the 2:03 pace in 2:03 flat, Hal Boy paced the fastest two heats ever paced in a race over this track. In the final heat he beat Fay Richmond by a head.

EGYPTIAN OPERA IN A BALL PARK

(By Associated Press.)

SAN FRANCISCO, August 30.—"Aida," that story of love and tragedy in ancient Egypt, told in song, is to be presented here amid the modern surroundings of a ball park on Sept. 30, when the opera is given by famous operatic stars for the benefit of the Youths' Directory of San Francisco and a fund for the preservation of California mission, at Ewing Field. The opera will be sung in Italian by artists from the Metropolitan and other opera companies.

The production of the opera will be on a grand scale, according to present plans, more than 1000 persons taking part. The chorus alone is to number 500, the ballet 75 and there are to be 200 musicians, the others being the stars and the many supernumeraries necessary to complete the enormous cast. It is planned to

ASSESSMENT NOTICE

UMATILLA TONOPAH MINING COMPANY

Location of Principal Place of Business, and Location of Works, Tonopah, Nye County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors, held on the 17th day of August, 1916, an assessment (No. 3) of one-half (1/2) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the Secretary, at the office of the Company, Room 265, Russ Building, San Francisco, California.

Any stock upon which this assessment shall remain unpaid on the 18th day of September, 1916, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Tuesday, the 24th day of October, 1916, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.

By order of the Board of Directors, CHARLES D. OLNEY, Secretary.

Office, Room 265, Russ Building, San Francisco, California. A19-8184

Velvet Joe's Able Assistants-

MOTHER Nature and Father Time made diamonds out of carbon. But pshaw! Look what their method does with tobacco. Two years of it make VELVET.

FOR VELVET is matured by two full years of ageing in Nature's way. The result is that mellow, aged-in-the-wood smoothness that no other smoking tobacco possesses.

You can't get that smoothness in any other way.

DON'T BUY ANCIENT BREAD SHIPPED IN

I would not buy strange, dry, squeezed bread, when I can buy bread of superior quality in every respect. The Progress and Vienna Bakery bread is rich in flavor and is made of the choicest eastern flour, and is heavier and goes further than any imported bread.

We are always ready for any order for pastry of any kind equal to that made in any city.

We can serve a large banquet as easy as a small banquet.
